wherever there's a window

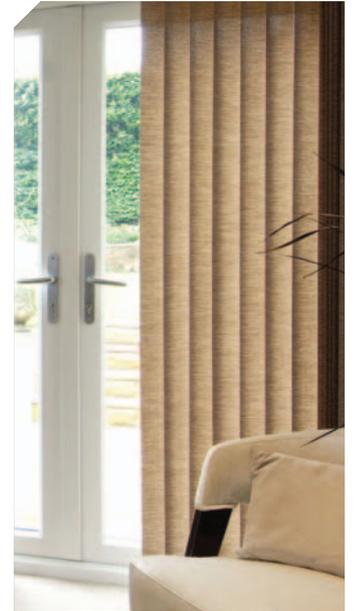

**COMBINING ELEGANCE WITH ADAPTABILITY AND ENERGY EFFICIENCY, THE VERTICAL BLIND LENDS ITSELF PERFECTLY TO A VAST RANGE OF APPLICATIONS FOR A TRANSLUCENT OR ROOM DARKENING EFFECT.**

Employing cutting-edge engineering, Vertical Blinds glide to the lightest touch. Designed for optimum performance over spans of up to 5800mm, Vertical Blinds are both hardy and ideal for unique design applications. Vertical Blind operational components are high-moisture rated and come with a five-year warranty.

The Vertilux Vertical Blind fabric range is specific in style to the needs of this system. Each fabric is designed to meet stringent standards in light control, glare reduction and insulation from harmful UV rays. Superior heat reflection properties assist in maintaining an energy efficient and comfortable living environment.

The fabric range is available in a wide selection of translucent and room darkening fabrics with options from subtle patterns to textured plains, available in a wide range of colours and made from 100% Polyester.
