## Breaking Waves

“Because there's nothing more beautiful than the way the ocean refuses to stop kissing the shoreline, no matter how many times it's sent away.”

- Sarah Kay (Poet)\*

“I will find comfort in the rhythm of the sea.”

- Charlotte Eriksson\*

“When we fly we see the ocean from a different perspective, a panorama of textures and colors created by the wind and currents and constantly changing, a seascape that delights the eye.”

- Vilasinee Srijaroon, Carpet Inter designer

The Breaking Waves Collection follows and expands upon our Breaking Ground Collection and features two styles that offer the same high performance and great value in sophisticated ocean-inspired designs. *Over the Ocean* was inspired by the movement of currents and reflected light on the surface of the water as seen from the air. *Across the Sea* draws its inspiration from the patterns that waves create as they meet the shore. These two organic designs can be used independently or as coordinates to enhance the interior environment.

*Designed and engineered for performance by the CI Design and Product Development team.*
