STYLE INSPIRATION

*Austral Bricks have the inspiration
and expertise you need*

With our comprehensive series of colour and style palettes, skillfully curated from the huge range of Brickworks building materials available, you can select a thoughtful and stylish scheme for any house, whether it's cutting edge contemporary or more traditionally influenced.

Just as important, clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability.

Our expert design consultants can talk you through colour and style swatches in a friendly one-to-one session, helping you pick a scheme you love for your vision.

DESIGNED TO **LAST**

Versatility in design, durability that lasts a lifetime and the highest thermal comfort, with almost no maintenance. Clay bricks and pavers from Austral Bricks tick all the boxes for homes and projects with value and sustainability in mind.

AFFORDABLE VALUE

Cost effective building product materials that increase the value of your investment or project from day one, for generations to come.

LOW MAINTENANCE

No need for paint or other treatments to maintain their aesthetics and durability. They are strong, reliable and relatively maintenance free.

ENERGY EFFICIENT

Combined with intelligent passive building design elements, clay bricks can help moderate building temperatures and reduce energy consumption.

STRENGTH AND SAFETY

Clay products are stronger than concrete and other light weight materials and also provide a safer and more secure home from the outside environment.

NATURALLY SUSTAINABLE

Clay is a natural resource which has been used for centuries because it retains its colour forever as well as its durability. Architects, engineers and specifiers continue to appreciate the advantages of using clay products.

VENETIAN GLASS

Venice – historic city of bridges and canals, art and artisans. For centuries, Venetians have been producing magnificent glass pieces of every description. Our new range has all the features you'd expect in coloured designer glass – brilliance, transparency, sophistication.

FEATURED: ARCTIC CRYSTAL NATURAL

ULTRA SMOOTH

Ultra Smooth's brick surface is created during manufacturing using our finest ground clays and the latest advanced ceramic technology. The smooth velvety finish of this range sits perfectly with the clean lines of contemporary architecture.

FEATURED: RHYTHM

LA PALOMA

Spain – confident, creative and the artistry of Dali, Picasso and Miró, which give inspiration to the soft white and charcoal black bricks of La Paloma and La Paloma Rustico. Characterful, eye-catching and steeped in heritage, they express two striking colours found in the spectrum of fired clay colours, transforming buildings into works of art.

FEATURED: LA PALOMA | ROMERO, LA PALOMA RÚSTICO | MIRO

SAN SELMO

Italy – inspired, rustic and charming. The unique San Selmo range of Smoked, Reclaimed, Textured and Raw Corso, embodies the beauty of brick. With hues that transition from light to dark, tactile finishes, and sizes from conventional to distinctive, the San Selmo range suits all contemporary projects and environments.

GLAZED COLLECTION

SPECIALTY

Glazed – and glassy in their effect, our Speciality range is breathtakingly bold, but also subtly gentle with its intriguing hues and colours. These colours were created for specific projects, but the option to create your own colours offers limitless possibilities. Let us help you make your unique design a reality.

FEATURED: ROYAL

ALLURE

Lustre – Beautiful, fully glazed bricks that bring a touch of glamour to your project and make a design statement that will stand the test of time. Designed for both internal and external applications, the Allure range offers stylish elegance that's ideal for feature brickwork.

FEATURED: KOKO

BURLESQUE

Making a statement – and the provocative, eye-catching Burlesque range go together when it comes to design. Burlesque's fully glazed finish speaks volumes about this sensuous collection. Available in 13 standard and also neutral colours, the Burlesque range will appeal to the adventurous spirit.

FEATURED: INDULGENT WHITE

GALLERIA

Galleria captures the essence in this blend of Burlesque and Specialty. It's your vision, and your work of art that we've captured in these unique and highly stylised designs. For details, please refer to pg.39.

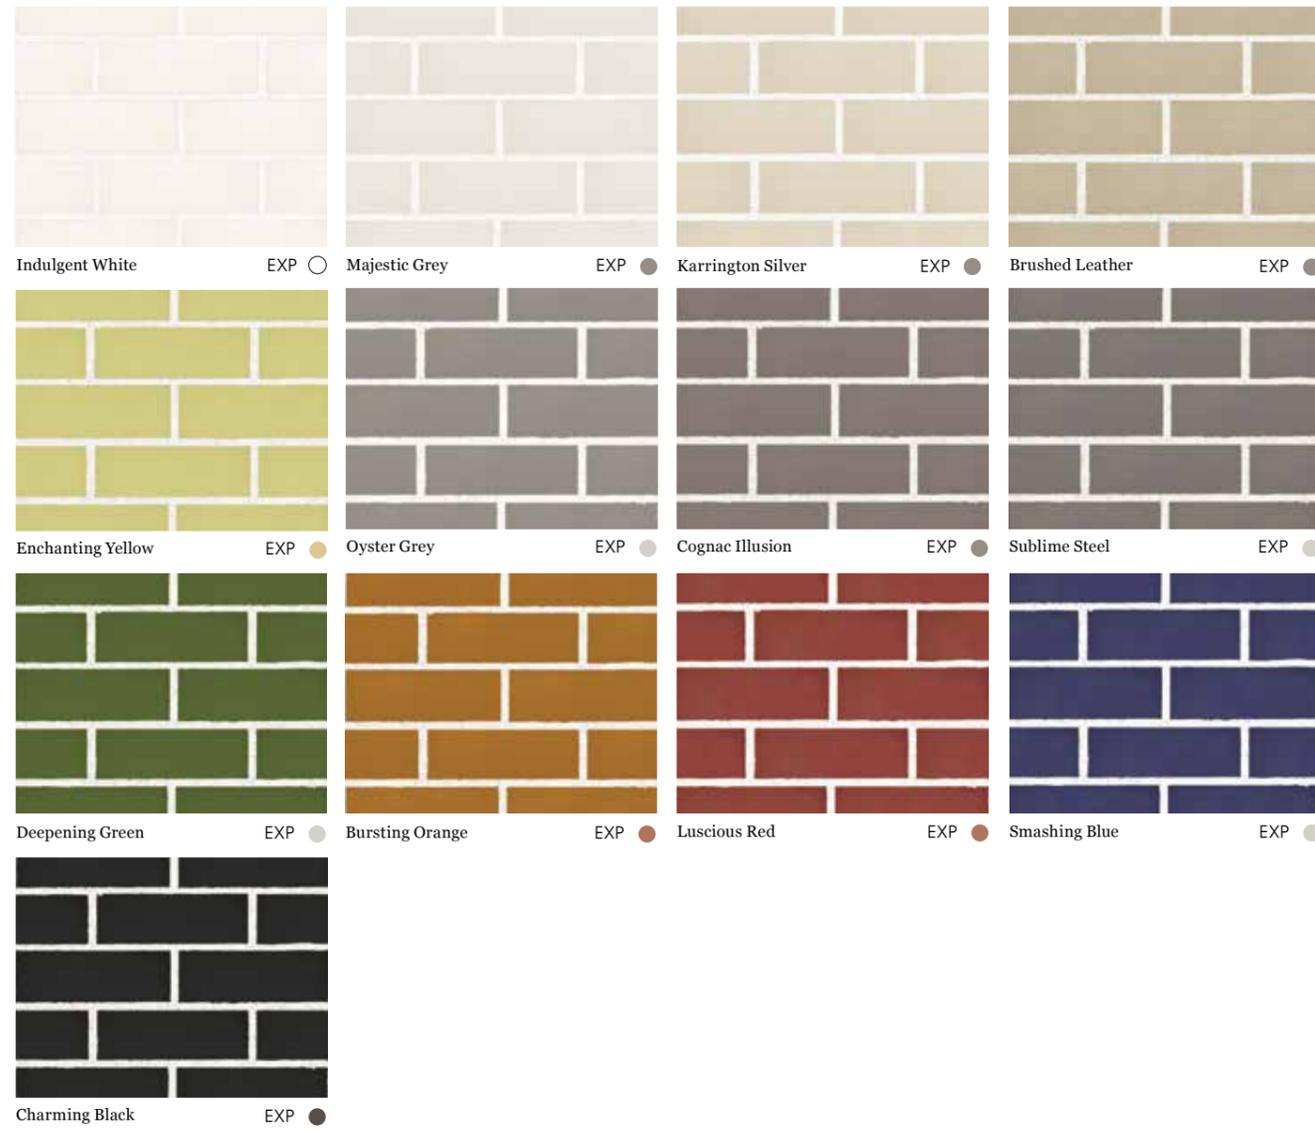

CAMILLA

Camilla Franks, one of Australia's leading fashion designers, has brought the energy of Mexico to life in this collection of colourful glazed bricks. With their reflective finish and sunny tones, they're saturated in style and tactility. Be tempted. Your project will fall in love with these bold bricks.

LUXE COLLECTION

METALLIX

A brick face that glimmers, sparks immediate interest and which possesses great subtlety. With its depth of colour the Metallix range reflects light on finished brickwork, creating a satin metallic sheen that will lend depth and sophistication to your project.

FEATURED: PLATINUM

URBAN ONE

The Urban One brick series is the perfect complement to any contemporary home design. With its range of neutral toned bricks it pairs well with stone, timber or render, providing an understated, monochromatic backdrop for design and finishing statements.

FEATURED: SILVER

EMPORIUM

Emporium's textured finish offers unrivalled quality, sophistication and a contemporary, refined colour palette. These bricks are a standout design feature in their own right, ably suiting today's mood or classical environments. Natural light will bring out the lustre of their finished-slate appearance.

FEATURED: CHIC

SYMMETRY

A question of balance. The specially developed Symmetry range perfectly suit clean, crisp and precise architectural designs and are also suitable for smaller projects and decorative brickwork. Their simple smooth finish assures a clean line that enhances the functionality of brickwork as architectural form.

FEATURED: ASPHALT

THE AVENUE

The Avenue is a recent addition to the Austral Bricks portfolio. Designed and manufactured not to be perfectly flush, they have a slightly textured face that's ideal for achieving a uniform finish.

FEATURED: MADDOX

GOVERNOR

Robust, down-to-earth, authentic sand stock brick, the much-loved Governor range is made from quality materials using traditional manufacturing methods. Governor adds cachet to your home with their uneven and folded form, capturing the colours and textures of classic heritage brickwork.

True, tried and tested, the Old Colonial range offers traditional colours and textures, making it the perfect brick for the classic home. Enjoy adding substance and quality to your project.

FEATURED: BUFF

WHITSUNDAY

Blue waters, ocean vistas, and sandy beaches. The Whitsunday range floats driftwood-inspired tones suitable for modern applications on a sea of traditional interpretations, pairing well with timber and stone to create your ideal piece of paradise.

FEATURED: ORPHEUS

WILDERNESS DESIGN

The natural beauty of Australia’s wilderness provides inspiration for subtle depth and variation of colour, bringing to life every brick in this range. Alongside modern building materials, you’ll notice the difference these bricks make with their dramatic and visual proclamation of country.

FEATURED: GREY GUM

INDULGENCE

Indulge and spoil yourself with this innovative range, its neutral colour tones and quietly confident style. Bring a sense of presence to your project through these subtly textured bricks that come in a range of popular colours. The perfect brick either on their own, or in combination with others, or even with other building products that offer strong contrast.

FEATURED: BISCOTTI

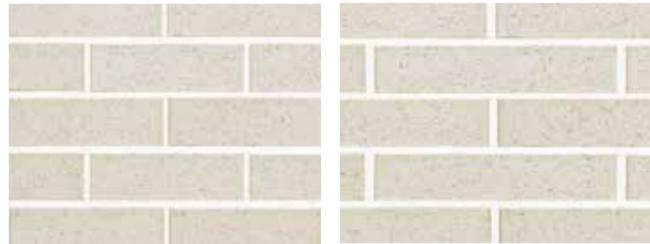

METROPOLIS

For the busy city – and the quiet city – Metropolis will evoke changing moods and inspire your next large-scale building project and decorative brickwork. This attractive, hardworking range of bricks is wire-cut and colour consistent, enhancing design and structural integrity.

MORTEX

MORTEX is a factory manufactured, quality assured premixed M4 rated mortar solution. Its consistency can save labour time, increase efficiency, remove the need for on site blending, and it is compliant with AS3700:2018. MORTEX takes the guess work out of mortar blending and reduces the potential for under strength, non compliant mortar use.

This can ultimately reduce potential liabilities, saving money and time on rectifications. With the adoption of ISO9001:2008 principles, the mortar constituents are accurately measured and blended in a controlled environment to ensure consistent, homogeneous mortar is produced on-site.

MORTAR COLOUR

White mortar is currently the most popular colour. This is made by mixing light coloured cement and white sand and results in a traditional brick and mortar look. Mortar can be coloured by adding powdered or liquid pigments to the mortar as it is being mixed by the bricklayer. It can also be tinted to

match the brick colour, giving a very even wall colour. Please confirm with your bricklayer what their mortar colouring offering is before making your final decision. For more information on MORTEX, please visit: australbricks.com.au/NSW/product/Mortex

MORTAR FINISHES

There are four common mortar finishes and these various finishes result in different shadow lines on the wall. A raked finish will create a deep shadow in the mortar joint. This brings out the horizontal lines of the brickwork (and the vertical lines to a lesser extent). Ironed and struck joints also create shadow lines, but these are much finer and more subtle. A flush joint doesn't allow shadow lines to form at all, giving the wall a flatter, more unified look. Using a mortar colour to match the brick will take this a step further.

EXP = Exposure grade

Suitable for use in external walls exposed to aggressive environments, such as; areas subjected to salts in the soil, adjacent material or ground water, in coastal areas exposed to attack from windborne salt spray, or retaining walls subjected to fertilisers and ground salts.

GP = General purpose

Suitable for internal and external walls only when above a sheet or membrane damp-proof course and protected by an adequate coping, eaves, roof or similar top covering. These units should not be directly exposed to saline environments.

Solar absorptance rating

In the design of energy efficient buildings, architects and consulting engineers need to be able to calculate the heat loss or gain of materials used to construct these buildings.

For this reason, our product range has been categorised into the below three colour groups –

Light (L) < 0.475

Medium (M) 0.475 - 0.70

Dark (D) > 0.70

to assist with their calculations.
