

Washroom Accessories

Three Design-Integrated Collections

Complimentary curvilinear 27° arcs, radii and reveals

Seamless monoform draws, flush locks, precise fit & finish

ConturaSeries

Improved ConturaSeries sets the bar for design innovation and quality. ConturaSeries towel dispensers now feature the new TowelMate paper saving system. TowelMate limits paper delivery to one towel at a time, eliminating towel bunching and waste. Saves 20% or more in paper towels used; preserving the environment and lowering operating costs.

Improved ContraSeries waste bins now include LinerMate bag holders. LinerMate provides a neat, flush appearance with no unsightly bag overhang.

ContraSeries is manufactured with satin-finish type 304 stainless steel.

Flush-mounted, rectangular doors and openings

Consistent unidirectional grain, concealed flanges

TrimLineSeries

TrimLineSeries features a contemporary minimalist design and recessed mounting, manufactured with satin-finish type 304 stainless steel. The new low-profile TrimLineSeries warm air hand dryer visually compliments the Series and supports inclusive design for Accessibility compliance.

TrimLineSeries features 90° angles on all exterior and interior corners and openings. Flanges are concealed for additional design simplicity.

Classic bevelled flanges, hemmed edges, piano hinges

Ideal for budget projects; standard for lasting durability

ClassicSeries™

A bevelled flange is the visual trademark of the ClassicSeries, the traditional standard for our most comprehensive selection of satin-finish type 304 stainless steel accessories. Newest amongst them is our automatic roll towel dispensers, available in surface-mounted, semi-recessed and modular towel/waste combination units.

ClassicSeries accessories feature satin-finish stainless steel throughout, whilst being engineered for the economic demands of price-sensitive projects.

Our Commitment to Non-Proprietary Dispensing;

Bobrick dispensers are designed to accept commonly available consumables, such as soaps, paper towels and toilet tissue.

Our commitment to non-proprietary systems frees building owners from expensive and restrictive consumable contracts and lowers their operating costs.

Our Commitment to the Environment;

Bobrick washroom accessories are manufactured to be environmentally responsible, using 50-70% recycled and recyclable stainless steel. Koala Kare products are fabricated from 50% recycled polyethylene and stainless steel.

Recent dispensing innovations, including TowelMate, automatic roll towel dispensers and the TrimLineSeries Dryers, set new standards in paper and waste reduction.

Baby Change

What is Microban® antimicrobial product protection?

Microban® built-in antimicrobial protection is a broad range of technologies for solid products, coatings and fibers.

Microban antimicrobial protection gives products an added level of protection against damaging microbes such as, bacteria, mold and mildew that can cause stains, odors and product deterioration.

Microban® protection continuously fights the growth of microbes that can cause stains, odors and product degradation. Microban protection makes the products in your home easier to clean and keeps them cleaner and fresher between cleanings.

B-BR36 **Deluxe WC BACK REST**

Satin Finish Stainless Steel Frame
Concealed Wall-fixings
Adjustable padded cushion
560 W with Depth Adjustment

TB-88 Washroom Accessories LEED Information

Bobrick uses type-304 stainless steel in the manufacture of its washroom accessories. The stainless steel material used contains a significant amount of post industrial recycled stainless steel content balanced with virgin iron and ferrous alloys.

The recycled stainless steel content varies because Bobrick sources stainless steel worldwide and Bobrick products are manufactured in different locations.

The following numerical list of Bobrick models indicates the percentage content of recycled stainless steel in each product.

Model No.	Recycled Stainless Steel Content	Model No.	Recycled Stainless Steel Content	Model No.	Recycled Stainless Steel Content

TB-21 Stainless Steel Cleaning and Maintenance

- Always:** Wipe or polish with the grain direction of satin finishes.
 Remove any cleaning or soap residue from stainless surface with water and wipe dry with clean cloth.
- Caution:** Avoid cleaning products containing bleach, hydrochloric acids and or chlorides . . . these are frequently found in toilet bowl or tile cleaners and in abrasive scrubbing powders.
 Avoid use of steel wool which can leave behind fine particles that cause surface rust.
 Avoid use of abrasive cleaners on bright polish stainless steel surfaces.

CONDITION	CLEANING AGENT	METHOD OF APPLICATION
Dirt, smudges, and fingerprints	Use mild cleaning solution or stainless steel cleaners.	Apply cleaner. Wipe off soil using a cloth or sponge for smooth surfaces and a soft brush for textured surfaces. Rinse and dry.
Graffiti	Bobrick Graffiti Remover, part #891099 or equivalent.	Apply cleaner, rub spots with soft cloth or sponge. Rinse and dry.
Stubborn spots, atmospheric discoloration	Liquid or spray stainless steel polish.	As recommended by manufacturer. Rinse or dry.
Mineral deposit or scale from hard water	Bathroom cleaners containing phosphoric acid or acetic acids.	Apply liberally, allow to stand for a few minutes; scrub with coarse toweling or soft bristle brush in direction of grain. Rinse and dry.
"Rust" discoloration resulting from exposure to harsh environmental and or chemical conditions	Appropriate cleaner listed above, plus 3M Scotch Brite pad #7447 or equivalent.	Clean surface as above, then rub stained area lightly with 3M Scotch Brite pad. Clean with stainless steel polish. Rinse and dry. Rub only with the grain direction of satin finishes. . . do not use on bright polish stainless steel.

The following Bobrick hand dryers are warranted to be free from defects in workmanship and material under normal usage from the date of purchase for the periods set forth below:

Hand Dryers Limited Warranty

AirCraft Dryers B-700, B-750. Eclipse Dryers B-740, B-748 TrimLineSeries Dryers B-7120, B-7128	Motor brushes for 3 years; all other parts for 10 years.
Elan B-715, B-715E	5 years
Compac B-710, B-710E	1 year

The following Koala Kare products are warranted to be free from defects in workmanship and material under normal usage, and a replacement policy against vandalism from the date of purchase for the periods set forth below:

Koala Kare Products Limited Warranty

Baby Changing Stations; KB100-ST-INB, KB101-INB, KB110-SSRE-INB, KB110-SSWM-INB, KB111-SSWM-INB, KB111-SSRE-INB, KB200, KB200-INB	5 years
Child Protection Seat KB102-INB	5 years

The following Grab Rail products are warranted to be free from defects in workmanship and material under normal usage, and a replacement policy against vandalism from the date of purchase for the periods set forth below:

Grab Rails Limited Warranty

B-661, B-685, B-6857	5 years
----------------------	---------

Other Products

Bobrick washroom accessories not listed in this section are warranted to be free from defects in workmanship and material under normal usage service for one year from the date of purchase. (Rust and discolouration to stainless steel parts resulting from exposure to harsh environmental and/or chemical conditions are not considered to be defects in workmanship or material and there is no express or implied warranty provided for such condition. Refer to Bobrick Advisory Bulletin TB-21, Effective Ways to Clean Stainless Steel.)

Limitations on Warranties

In all instances, the purchaser's exclusive remedy is for the repair or replacement, at Bobrick's option, of warranted defective products or parts. Bobrick will also bear the cost of the purchaser's return of defective products or parts to Bobrick. Bobrick's warranties set forth above do not cover damage resulting from vandalism. No other remedy (including, but not limited to, damages for field labour charges, lost profits, lost sales, injury to persons or property or any other incidental or consequential losses) is available.
