# Bring nature inside with Skile

- ✓ Skile has combined art and technology to create beautiful sky ceilings and windows to bring the feeling of nature in to your interior spaces, and to enhance the sense of light and openness.
- ✓ We are an Australian company based in Brisbane founded by individuals with extensive experience in engineering, design and construction. We provide high quality products and after sales services with a view to achieving the utmost customer satisfaction. We consider the safety and well-being of our customers' and workers' to be the highest priority.
- ✓ All products have been certified by SAA approvals, whether legally required or not, to assure the safety of all customers, employees and contractors. All products are carefully manufactured from the best quality material in China and to best suit Australian customers' needs.
- ✓ Building and maintaining a strong relationship with customers and suppliers is the core value of our business. We work closely with our customers to design and build products to suit their life style while staying ahead of the market trend.

Create a warm, welcoming environment, no matter how large your space is with Skile ceiling panels

# Products

## Ceiling Panels

Skile ceiling panels are the most popular Skile product. They are designed to bring the feeling of nature into your interior spaces. There are a wide range of applications for these products: they can boost patients' moods in hospitals, decorate shopping centres, liven-up the environment for office workers, or bring the beauty of nature into your homes.

**Australian Safety certificate:**

SAA approval

**Electrical**

LED: 24 - 48V DC

Power supply: 200-240V AC input

**Panel size:**

600 x 600 / 600 x 1200

## Wall Panels

Skile wall panels have essentially the same benefits as the ceiling panels with different applications, for example they can show views of the beach, marine life etc. The Wall Panels bring nature to your room with a vast range of beautiful images.

**Australian Safety certificate:**

SAA approval

**Electrical**

LED: 24 - 48V DC

Power supply: 200-240V AC input

**Panel size:**

600 x 600 / 600 x 1200

## Floor Panels

Skile floor panels are widely used to decorate dance floors, dressing rooms, hallways, hotel lobbies, shops etc. They come in plain white or changing RGB (Red, Green & Blue) colours. Skile panels are powered by high efficiency LEDs, designed and built to last to 50,000 hours. Smooth light through out the panel with no glare or strobe delivers elegant pictures.

**Australian Safety certificate:**

SAA approval

**Electrical**

LED: 24 - 48V DC

Power supply: 200-240V AC input

**Panel size:**

600 x 600
