Premium Fully Accessible Ceiling System

Fantastic ceilings installed in minutes

Installing a new feature ceiling can be disruptive and expensive so achieving a speedy and well-organized installation is critical.

SUPAWOOD's SUPATILE range perfectly combines quick installation and aesthetics. Slatted, patterned and decorative ceiling panels simply fit into a suspended ceiling grid. The panels are 100% accessible which offer the flexibility to quickly reconfigure for a totally new look.

No on-site painting or fabrication is required because SUPATILE is supplied pre-finished and ready to lift into place. The range is available in acoustic options and a choice of timber or solid colour finishes. SUPATILE is custom manufactured for each project in short lead times.

Great Looks + Quick Install = SUPATILE

SUPATILE 10

A premium decorative tile system which is designed to fit into the T-bar system in such a way that only a neat 10mm express joint is exposed.
