Shoji screens and doors are traditionally used as a sliding partition or screen

Our screens are also used as Hinged doors, Bifold screens, Fixed screens and Retractable Walls.

With a choice of 4 furniture grade timbers and a selection of 6 standard stain colours our Shoji Screens can be made to compliment any décor or colour scheme. A range of tough and durable fibreglass and acrylic materials that simulate the elegance of Japanese Rice Paper are available.

For full Technical Information and drawings visit our Web site or phone our Head Office or one of our Qualified Distributors.
