VINYL HAS
NEVER BEEN SO
TRUE TO NATURE

FOR YOUR INTERIOR

► BALANCE CLICK WITH REVOLUTIONARY STAIN RESISTANCE TECHNOLOGY

Thanks to our unique Stain Guard technology, most stains just don't

stand a chance on Livyn Balance Click floors. The fully sealed top layer ensures total protection from common stains and dirt, making them very easy to keep clean. Even the toughest stains (such as paint, nail-varnish or even marker ink) can be wiped away in an instant!

Besides that, the increased scratch protection keeps your Balance Click floors looking new. You'll be able to enjoy your Quick-Step Livyn floor for longer, and without a care in the world!

► THREE METHODS OF INSTALLATION

The three ranges offer different methods of installation; the Essential Glue Down collection, the Essential Loose Lay collection and the Balance Click collection - the most stable click system on the market.

BALANCE CLICK HAS NEVER BEEN SO STAIN RESISTANT

Balance Click

QUICK & EASY INSTALLATION

The Livyn Balance Click Collection makes laying your new vinyl floor simple, thanks to the patented Uniclic® Multifit for Livyn click system. Designed to last, this system was specifically developed for Livyn floors and is highly user-friendly, quick to install and a lot more stable than other systems.

▶ RIDICULOUSLY EASY INSTALLATION THANKS TO THE DROP-DOWN REVOLUTION

Our brand new Uniclic® Multifit click system is developed specifically for Livyn floors. It's fast and simple and now better than ever! The new drop-down technology provides extra strength thanks to the vertical and horizontal click locking.

▶ INSTALL ANYWHERE, EVEN ON UNDERFLOOR HEATING AND COOLING

Quick-Step Livyn floors are perfect for installation over underfloor heating or cooling. For more information on laying your Livyn floor over underfloor heating or cooling, visit www.quick-step.com.au.

▶ RENOVATION FRIENDLY

Livyn floors are flexible so they can easily be laid on top of most existing, level floor coverings. This will save you a lot of removal effort and let you renovate your space without any hassle.

LESS IS MORE

At Quick-Step we're committed to reducing our ecological footprint, and to helping our customers reduce theirs. All our production waste is fully recycled, and all our boards are 100% recyclable, even after a lifetime's use.

Our respect for the environment goes hand in hand with our respect for you, our customers. Our refined production technologies ensure a fully closed top surface. VOC emissions are up to 10 times lower than the European standard and all new Livyn floors are virtually odourless.

YOUR DREAMS ARE OUR INSPIRATION

At Quick-Step, we must admit, we're perfectionists.

Perfectionists when it comes to design, and passionate when it comes to detail. We want to give our customers the best, which is why we work at getting it right day and night.

We're innovators in our industry. In designing our floors we go beyond the obvious, documenting new architecture, analysing interior design and fashion trends, reading the latest blogs, visiting the hippest cities and following upcoming artists. We experiment with new materials and colours, pushing boundaries and developing technologies that we apply to new and unique floors.

Livyn Balance Click is one such floor. Born from applied research & development, Livyn embodies the marriage between design and technology, between traditional comfort and innovative engineering. With its natural look and feel, exclusive designs and super matt finish, Livyn is a floor that you'll immediately feel at home with.

At Quick-Step we can spot trends long before they come into being. We can tell the difference between hype and timeless design, between fads and well thought-out concepts. Our dream of the vinyl floor of the future is now reality with the Balance Click collection, thanks to the superior stain and scratch resistance and extreme stability of the unique patented click system.

Whether you opt for a Modern, Country or Classical look, we hope you'll be inspired by the possibilities of the new Livyn collections to create your own dream interior.
