

CUSTOM STAGES

When designing your customised stage, you have the option of:

- Curved, rectangle, triangle or square podium, with sizes up to 2400mm x 1200mm
- Stage curtain and valance systems in your chosen colour with optional logo
- Stage scenery panels, backstage change rooms and greenroom options
- Podium trolleys that make it easy to transport and store your stage
- Lecterns in various designs, from timber to high tech, all with logo options available
- Multiple height configurations, catwalk podium combinations, tiered seating and choir risers
- Exterior and interior podium surface options: timber stain, marine grade carpet and non-slip Maxi Hex
- Customised leg heights (standard 200–2000mm, adjustable 400/600mm, 600/1000mm or 1100/1300mm).

Our portable and permanent custom stages are strong, durable and versatile –designed and made to your specific requirements and exact specifications.

Our highly experienced team will work with you to custom design a staging system that is purpose-built for your needs and ticks every box. We have created bespoke designs for a huge range of organisations, events and industries.

There are endless design options available, so you can custom design a stage that suits your needs exactly. Our modular designs allow each stage system to be reconfigured as needed and you can create multi-level performance areas. We can adapt your design to work with any challenges relating to walls, pillars and floors, and can build around problem areas if needed. Each stage includes safety features such as stage rails, strengthened sub-frames and stage legs with lockable wheels, and access ramps can also be added for ease of access.
