IDOL - HONED

SIZE GUIDE

DIMENSIONS IN MM

WIDTH	600	400
LENGTH	600	400
DEPTH	21	15

DESCRIPTION

Idol's homage to the past extends beyond the classical to include accents reminiscent of the bold graphic imagery of post modernism and Memphis design. Fibonacci Stone's unique colour and tonal compositions result in a sophisticated and thoroughly modern terrazzo tile.

Idol Terrazzo Tiles Terrazzo Tiles are ideal for both residential and commercial flooring applications as they possess a high slip resistance, require minimal ongoing maintenance and have a lifespan of over 30 years.
