# Maxi Deco

## Description

*Scalloped profile shows off the unique grain of plywood*

Scalloped timber meets plywood allows Maxi Deco to bring a soft, whimsical, touch to your interiors. Celebrating the lines of material inherent in plywood, Maxi Deco will bring that extra sense of depth, texture and, well, pizzazz to your project. Available in four stunning colours as standard or any of the 18 Maxi colours by request, Maxi Deco is sure to add a sense of elegance to your next project.

## Specification

<i>Profile</i>	181x2300mm, 181x2900mm

## Application

Walls/ Ceiling Linings

## Installation

The best installation method for Walls and Ceilings using Maxi Deco is our Z- Clip system. Refer to installation guides on our website.

## Group Ratings

Maxi Deco holds a standard Group 3 Fire Rating. Group 1 Fire Ratings are available. Please get in contact for more information.

## Customisation

Maxi Deco can be customised in a range of forms. Custom colours, including custom profiles can be achieved. Please get in contact for more information.

## Keep in mind

For maximum durability and a longer life, all edges should be sealed with a clear hard-wax oil or similar. Maxiply does not recommend any plywood to be used for doors. For more information see our blog articles.
