## Palm Bay Renovation

The Palm Bay renovation, a home that has been completely stripped back to its frame, designed entirely right down to the finest of details, with new structures built and all new cabinetry, fittings and fixtures installed. This home showcases Lux Interiors passion for their craft, transforming a dated run down house into a purposeful, magnificent home that imparts joy.

From the entrance you're guided to the kitchen by a curved wall that meets the contemporary neutral toned space that hosts plenty of storage, integrated appliances and the perfect entertaining area that flows into the living, dining and outdoor areas.

Neutral shades, luxurious porcelain benchtops and mosaic tiles combine for a seriously sleek and seamless kitchen. The smooth curve of the Momo Brave Handle adds a touch of elegance and sophistication to the cabinetry.

The four bathroom and two powder rooms all share the contemporary coastal vibe, featuring curved shower walls, hidden niches, round sky lights, custom vanities and plenty of storage.

The addition of Momo's Belgravia T Knob elevates the overall look, with the knurled texture adding a tactile element and a sense of refinement.
