## About ReCoila®

ReCoila® is a wholly Australian owned company with a manufacturing facility in the industrial precinct of Kings Park situated in the western region of Sydney.

ReCoila® has been manufacturing quality hose reels for some 30 years servicing both domestic and international markets. Our range of reels includes composite spring rewind hose and cable reels, fabricated steel reels in powder coated finish, stainless steel and aluminium with hand crank, and motorised versions.

ReCoila® as a manufacturer offers an extensive range of Australian made hose cord and cable reels, this range is supplemented with selected products from renowned quality manufacturers in the USA and Europe to bring you the most comprehensive range of hose, cord and cables reels.

Our stringent in house testing ensures all products meet the quality that you expect from ReCoila® whether it be an Australian made reel or manufactured elsewhere and distributed by us. Our aim has always been to design and manufacture the best reels available at a cost effective price. We continue to lead the way in design, innovative ideas, functionality and reliability of our products and utilise state of the art manufacturing methods setting the standards for others to follow.

ReCoila® is committed to continued quality and engineering excellence balanced with price competitiveness to supply users with the best reels available.

Hence we proudly say

**“Engineered Confidence”**

## Why the demand for ReCoila<sup>®</sup> hose, cord and cable reels?

ReCoila<sup>®</sup> hose, cord and cable reels offer you an economical and quality solution that will improve your safety record, improve efficiencies, increase productivity and reduce costly downtime.

The increasing demand for hose, cord and cable reels is being driven globally by workplace safety regulations and requirements, the need to reduce accidents, to protect workers and ultimately reduce insurance premiums for employers. Aside from increasing safety, the use of ReCoila<sup>®</sup> reels will increase efficiencies and productivity through providing operators a more effective means of handling hoses, cords and cables in their workplace environment. Reduction in downtime and lower maintenance costs are an additional benefit of efficient hose management, minimising damage to hoses and cables when using ReCoila<sup>®</sup> reels.

# Engineered Confidence

ReCoila® is Industry's choice to a safer, more productive and effective work place environment. The technical data and information contained within this catalogue has been designed to explain and highlight the features and benefits of the latest generations of ReCoila® hose, cord and cable reels.

Our goal is to help you understand these features which make us market leaders and separates our reels from the rest. Real features and real benefits giving you, the customer, confidence that your decision to purchase a ReCoila® hose, cord or cable reel is indeed the right choice.

Quality, functionality and durability are the criteria ReCoila® demands in its reels because that is what our customers expect. We utilise state of the art design and manufacturing principals, in order to continue to be market leaders.

ReCoila® enjoys a global reputation for supplying reels that often exceed our customers expectations and we continue to strive for even greater engineering excellence combined with value for money.

Hence we proudly say

**“Engineered Confidence”**

## Symbol legend

Manufactured in Australia.

Made in Australia.

Warranty for up to 5 years.

Imported.

## Safety

Reduce accidents and insurance expenses: slip, trips and falls are the leading cause of work stoppage losses in industry

## Efficiency
