LYSAGHT'S ZENITH™
RANGE OFFERS SIX
STRIKING LOOKS TO
**ADD DRAMATIC
ARCHITECTURAL
INTEREST TO
ANY HOME**

Inspired by the best in European design, Lysaght's ZENITH™ range provides a stylish suite of profiles to add to your design palette.

Every product in the ZENITH™ range has been tested in Lysaght's own NATA accredited facility to ensure it not only adheres to Australian Standards but can also meet the rigorous challenges of Australia's harsh conditions, even in cyclonic regions.

And you know that along with genuine style, the ZENITH™ range offers you the peace of mind only Lysaght, the trusted experience in steel, can deliver.

With our nationwide network, technical expertise and production and service capabilities – and as part of Australia's leading manufacturer, BlueScope – we provide the products and support that Australia's builders, specifiers and architects can build on with confidence.

COLORBOND® STEEL STANDARD COLOUR RANGE

COLORBOND® STEEL MATT COLOUR RANGE

COLORBOND® METALLIC STEEL COLOUR RANGE

LYSAGHT LONGLINE 305®

This striking cladding features slender, high ribs and broad, flat pans that make a dramatic statement on any structure. Using a concealed fixing system to maintain its clean lines LYSAGHT LONGLINE 305® cladding is available with plain or fluted pans and can also be tapered for a fan-like effect where curvilinear roofs require a tailored cladding solution.

LYSAGHT BAROQUE®

A heritage-inspired profile, LYSAGHT BAROQUE® features wide, flat pans defined by generous semi-circular ribs. Delivering a strong linear visual which is gentled by the unusual, rounded rib-form, this profile offers a most unique visual character which sits easily with both traditional and contemporary architecture.

LYSAGHT ENSEAM®

Broad flat pans and a lower, yet substantial rib combine to form yet another distinct visual dynamic in LYSAGHT ENSEAM® cladding. While possessing clean and striking good looks, this profile also has an easy style that makes it a very versatile cladding solution for contemporary architectural designs.

LYSAGHT SNAPSEAM®

With the broad, flat pans and distinctive ribs of our original LYSAGHT ENSEAM® profile, LYSAGHT SNAPSEAM® offers greater design flexibility utilising longer lengths and greater spanning capacity thanks to its clever concealed-fix clips. These specially designed clips provide greater fixing security while also allowing for enhanced thermal expansion and contraction to cope with a range of climatic conditions.

LYSAGHT DOMINION®

Whether used in long lengths running vertically or horizontally on a structure, or in shorter lengths to create a 'block-like' effect, LYSAGHT DOMINION® makes a strong and extremely stylish statement. With raised panels and recessed, 'express' joins, this profile conveys a sleek, contemporary character with a pleasing detail created by the shadowed 'channels'.

LYSAGHT IMPERIAL™

The sky is truly the limit with LYSAGHT IMPERIAL™. Featuring broad, flat pans and slender, well-defined ribs, this cleanly elegant cladding complements virtually any architectural design. Combine those good looks with a curving capacity not readily achieved in all cladding, and you have the ultimate profile for style and versatility.
