The future of **Insulation**

# Pink Batts® insulation

## The next generation!

Now with a softer feel for more comfortable handling

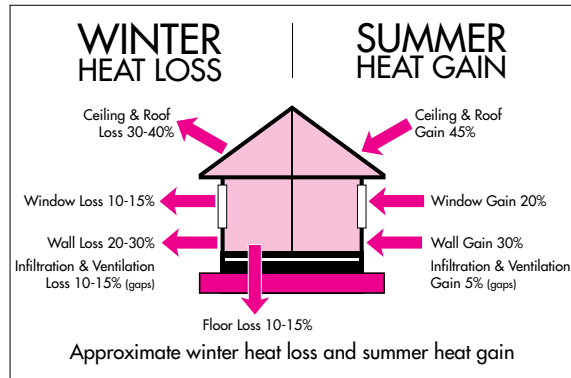

**Fletcher Insulation**

*We safely deliver extraordinary value to our customers*

## Fletcher Insulation® announces the next generation of Australia's most trusted insulation

Pink Batts® from Fletcher Insulation® have been trusted by Australians since 1956. Pink Batts® insulation reduces heat transfer by up to 60% resulting in great savings on your energy bills, not to mention how comfortable you'll be. In fact Pink Batts® insulation can reduce summer heat in your home by up to 12°C.

### Next Generation Pink Batts®

We've further refined the proprietary technology that makes Pink Batts® the market leader to create next generation Pink Batts®.

Pink Batts® insulation now has a softer feel for more comfortable handling. This makes them even easier to unpack, handle, cut, position and install.

### Pink® Batts from Fletcher Insulation®

- ✓ Pink – your guarantee of quality
- ✓ Keep you cool in summer and warm in winter
- ✓ Reduce energy consumption saving you money
- ✓ Save more energy in use than the energy used in manufacture
- ✓ From Fletcher Insulation® - The only Australian glasswool manufacturer with GECA (Good Environmental Choice Australia) certification
- ✓ CodeMark certified
- ✓ Low allergen
- ✓ FBS-1 Glasswool Bio-Soluble Insulation®
- ✓ Non combustible
- ✓ Supplied in light, compact packs to minimize Occupational Health & Safety issues during installation
- ✓ Australian made
- ✓ Trusted by Australians for over 50 years
- ✓ Backed by a lifetime warranty
- ✓ Now with a softer feel for more comfortable handling.

**NEXT  
GENERATION  
FORMULA**

**Now with  
a softer feel  
for more  
comfortable  
handling**

Fletcher Insulation® has added this next generation technology to Pink Batts®, Pink® Floor Batts, Pink® SonoBatts®, Pink® SonoBatts® Premium and Pink® Acousti-Therm® insulation. All of these products now benefit from a new softer feel for more comfortable handling.

### Pink® Floor Batts insulation

High density underfloor insulation system that is easy to install in new build, renovation and retrofit applications. This versatile high density insulation solution provides outstanding thermal performance, reduces heat transfer between suspended floors and reduces heating energy usage.

### Pink® SonoBatts® acoustic insulation

Delivers excellent acoustic performance for domestic applications. Ideal for insulation in metal and timber stud wall systems and as infill between floors and ceilings.

### Pink® SonoBatts® Premium acoustic insulation

The premium cavity infill batt for room-to-room noise control. Installed in ceilings, between floor and internal stud walls. These products minimise airborne sound transmission using standard construction methods and timber sizes. Perfect for rooms where extra noise protection is required, such as nurseries and bathroom walls.

### Pink® Acousti-Therm® insulation

High density glasswool insulation batts with excellent acoustic properties suited to residential wall applications. May also be used to achieve a high R-value in a small wall cavity.

**Insist on Pink Batts® from Fletcher Insulation®**
