# Custom environments

Create unique spaces with a selection of clever creative products from Etcetera.

Meet Etcetera - a new range of high quality, innovative and hard wearing public space furniture and accessories, designed with creativity in mind.

#### Innovative design, brilliant function

From bike racks and bins to benches and bollards, every Etcetera product is durable, functional and brilliantly designed. You'll find an innovative accessory ready to help brand any indoor or outdoor space with style.

#### Experience to make anything possible

Etcetera is backed by the reliability of Wastech's national distribution and a proven ability to deliver on both large and small scale projects. We are specialists in providing smooth, one-stop solutions for the building industry.

#### Talk to us

In addition to our catalogue of ready-made products, Etcetera can customise any design to suit your unique requirements. Talk to us about what you require and find out how Etcetera can create the perfect solution to suit your space.

# Bicycle racks

Australians young and old love to ride, with cycling being one of Australia's most popular recreation activities. It is anticipated that the number of people cycling for transport and leisure in Australia will double within the next 3 years.

The health, environmental and economic benefits of bicycle riding are so great that the Australian Government has committed to creating a bicycle friendly environment to accommodate and encourage bike riding in our cities.

By creating a comprehensive and continuous network of safe and attractive routes to cycle, together with safe, secure and reliable end of trip facilities, bike riding can be enjoyed by more and more people, now more than ever.

## Innovation

The Etcetera range of bike parking solutions has been created using classic design and clever engineering. Improved installation alternatives and the ability to replace racks without the need for relocation or expensive repairs to damaged concrete, make our racks a smart investment. Only available with Etcetera, our patent pending mounting options will ensure a professional installation finish every time.

### Let us help!

As a free service, we are happy to provide a complete CAD layout of your space. Send us the dimensions of your room and let us help you to maximize your bike storage capacity. Also if required **installation** is available.

Powder Coat

# Ashbins

Help to preserve the wonderful cities, waterways, parks and beaches of our Nation by taking positive action to reduce the amount of cigarette litter that is disposed of every day.

The Etcetera range of cigarette litter bins are manufactured to the highest quality standards. Designed to be unobtrusive, simple to install and hard wearing, ensuring a lifetime of dependability.

Controlling cigarette litter is achievable with the right equipment in the right place. Talk with an Etcetera consultant about your needs and we will help you to make the best selection for your space.

## Did you know?

Cigarette butts, on average, take 1.5 years to break down.

Almost 50% of all litter in urban areas is tobacco related products.

24 billion cigarettes are sold in Australia each year and it is estimated that 7 billion of those are littered.

Over 4,500 fires a year are caused by cigarettes and smokers materials

Cigarette butts account for 17% of total rubbish collected by Clean Up Australia each year.

**304 GRADE STAINLESS**

**316 GRADE STAINLESS**

01. **Ash and wastebin**  
AS-001S 36L 245Dia x 760h
