

Quantum™

## Modular acoustic solutions

Quality acoustic wall and ceiling range offering standard panel sizes and patterns, simple installation and shorter lead times.

beyond expectations

# Introducing the Quantum Essentials panel range

Offering a high quality product with great acoustic performance, the Essentials modular panel range is an efficient and economical solution for projects where timing and budgets might be limited, but style and aesthetic paramount.

Available in a range of standard sizes, profiles and finishes the Essentials panel range includes solid infill panels that can be cut on site to suit most wall and ceiling size requirements.

Quantum Essentials are easy to install and offer shorter lead times. Ask your Atkar Architectural Consultant for a quote or draft specification for your next project.

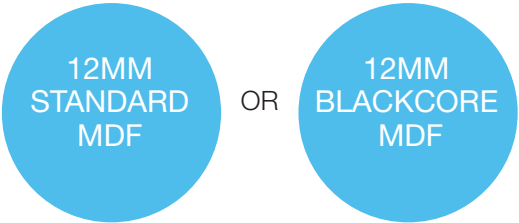

### Quantum Essentials’ key features:

- Shorter lead times
- Simple and fast installation
- Standard sizes, profiles and finishes
- Solid infill panels to suit all areas
- Great acoustic performance
- Suitable for walls and ceilings

## Step 1

### Choose your preferred substrate:

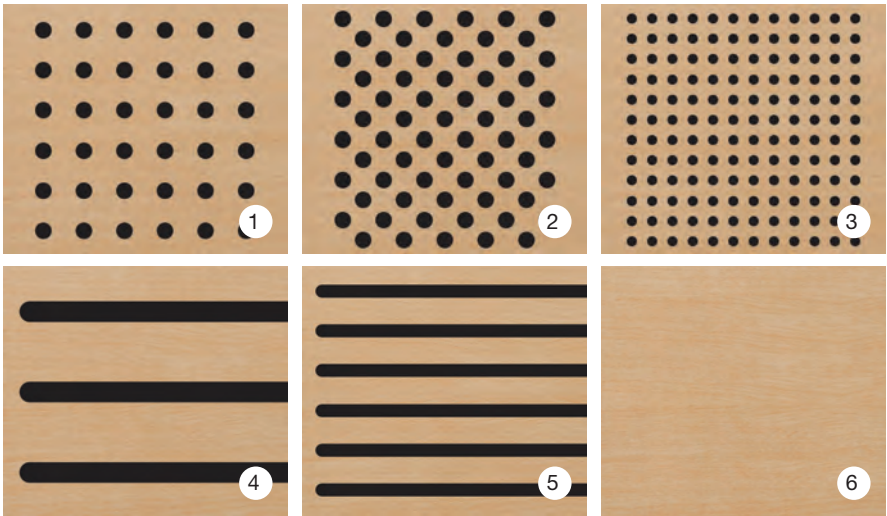

Choose from either 12mm standard MDF or 12mm Blackcore MDF

## Step 2

### Choose your preferred profile from a range of six:
