

The Evergreen Panel

Our standard green wall panel.

'In botany, an evergreen is a plant that has leaves throughout the year, always green.'

evergreen
WALLS

Evergreen Panel

Artificial plants mounted on to mesh grid for stability. Panels designed to be fixed to any wall with our custom made fixings. Panels can also be installed on to curved walls.

Multiple panels can be joined together to create a giant feature green wall. Each panel is unique to ensure no patterning. The panels can also be cut down to suit any area required.

Plants - Various ferns, money plant, licorice, spider plant, air plant, baby's breath, think flower & various grasses.

Metal Grid - Galvanised steel powder coated dark green.

Panel size - 900mm x 900mm x 250mm

Weight - 7-8 Kilos per panel

THE PANEL -
ARTIFICIAL PLANTS
FIXED TO METAL PANEL

ADD COLOUR - You can easily add extra plants of your choice to create a unique design just for you.
