DECORIA® LOOSE LAY

Scientific Technology from Korea delivers the first non-skid dotted backing layer vinyl flooring to the Australian market. **DECORIA®** Loose Lay replaces the need for adhesives, making it one of only a few floorings available on the market that can be removed and relayed. .

DECORIA® Loose Lay is so easy to install anyone can do it. No glue, no clicking planks together, just lay the planks and your floor is ready to enjoy. The DIY feature of this product allows you to install your own flooring and save on expensive installation costs.

The **DECORIA®** Loose Lay flooring is the easiest flooring on the market to keep clean. Small spills are easily cleaned up and for more serious spills, simply pick up the affected plank, clean and relay. It's that easy!

We at **DECORIA®** understand the importance of your family's health and that's why our flooring contains an anti-bacterial armour. **DECORIA®** Loose Lay is the only flooring in the world to offer this health benefit.

The family will enjoy walking on the luxurious **DECORIA®** Loose Lay, they will believe they are walking on authentic timber flooring.

DECORIA® Loose Lay comes with a 25 year manufacture's guaranteed and is available in a variety of colours and designs.

HOW DOES ANTI-BACTERIAL ARMOUR WORK?

Decoria has developed a process to safely coat its Vinyl Plank Flooring by adding Ag+ Nano sized Silver Ion particles, which are colour-less, resulting in an anti-bacterial armour. Silver inhibits the growth of bacteria by deactivating the bacteria's oxygen metabolism enzymes. In turn, this destroys the bacteria cell membranes, killing the bacteria and stopping replication.
