

The Ventilation Specialists

TVS provide a comprehensive range of ventilation products from leading brands covering domestic, commercial, industrial, and air movement applications. Our portfolio includes products from European market leading brands Blauberg, Greenwood and Xpelair.

A variety of installation solutions are catered for including ceiling, window, wall-mounted and complete in-duct systems.

The latest addition is the decorative series of designer models which includes the Quatro, Art, Ice and Affresco. These will offer the consumer stylish visual appeal to match current trends in bathroom decor.

TVS has a ventilation product for every application. Continual development and innovation will ensure that future market demands are not only met but exceeded.
