

Large Format SilverScreen Glass Whiteboard

Clear Glass SS12X9 (1200mm x 900mm)

Projection SS12X9P (1200mm x 900mm)

This Glass Whiteboard is most often selected for installation as a single panel, and is the most successful for most offices. It can be supplied in any colour, and with your company logo as required. With 5mm rounded corners, polished edges, and in 6mm tempered glass, it is both elegant and remarkably strong. The 'Projection' version is made from a special type of glass to allow super clear display from media projectors.

Order with:

SilverScreen Clear Glass Pen Shelf - SSPS12X08 (1200mm x 80mm)

Small Format SilverScreen Glass Whiteboard

SS9X6 (900mm x 600mm)

This board is ideal for the smaller office, or even for the home. It can fit easily into the study or as a noticeboard in the kitchen or playroom, mounted vertically or horizontally. It still has the same opportunity for the addition of a logo (or name) and can also come in any colour required.

Order with:

SilverScreen Clear Glass Pen Shelf - SSPS9X08 (900mm x 80mm) - SSPS6X08 (600mm x 80mm)

SilverScreen A4 Deskboard

SSA4 (297mm x 210mm - no client logo - pack of 10)

SSA4L (297mm x 210mm - with client logo - pack of 20)

For the perfect environmentally friendly marketing tool, look no further. Need to jot down your daily agenda, a phone number, a quick reminder?

We now have the A4 size Glass Whiteboard that sits flat on your desk, beside your phone or laptop ... and if you want, you can slip it in your briefcase and it goes with you to meetings. Once again these can be supplied in any colour and with or without your company logo. As an inexpensive corporate gift to both pleasantly impress your clients and reinforce your brand it really is special!

SilverScreen Mobile Glass Whiteboard

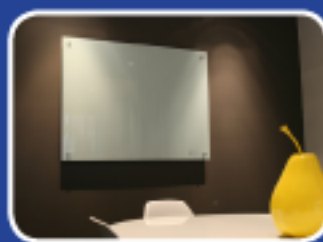

SSM12 (1800mm H x 1200mm W)

Manufactured from highest quality stainless steel, and on 75mm soft running castors that glide over any surface, this system gives you the elegance and quality of the SilverScreen Glass Whiteboard but in a mobile form. Standard width accommodates the 1200mm wide boards, but the mobile unit has also been designed to allow a simple component change so panels up to 2000mm will move easily from boardroom to office. The mobile unit also includes the Glass Pen Shelf, and uses the same elegant fixing system as the other products in our range.

SilverScreen Custom Glass Whiteboards

In addition to our standard range of boards, we are able to create panels of any size and colour to suit any space or design requirements. We also fabricate stainless steel systems for installation into virtually any situation. All our whiteboards also allow easy integration of computer systems to save information written on the board itself directly to PC or Mac and we can also provide all custom boards in 'Projection' versions, plus supply Glass Pen Shelf systems to your specification. Latest styles also include aluminium pen shelves with flush to the wall board fixing systems, magnetic panels and more. Please call us for details.
