

END FIXED SUN LOUVRES

Fix Blades Vertically or Horizontally

Vertical & Overhead End Fixed Louvres

- All Louvretec sun louvres have internal screw fixing ports. This enables the blades to be:
 - set at any pitch (blade pitch) and at any centre (blade centre)
- Blade pitch is an equally important consideration in determining the degree of light, shade, privacy and shelter.
- Louvretec specialises in the supply and installation of aluminium structural sub-frames
- Please contact Louvretec for further details

VERTICAL PANEL END FIXED

OVERHEAD PANEL END FIXED

BRACKET FIXED SUN LOUVRES

Bracket Fix Blades Vertically or Horizontally

Vertical Panels Bracket Fixed

- All Louvretec Airfoil and Maxi Louvres can be bracket fixed, with the blades:
 - set at any angle and at any centre (blade centre)

VERTICAL PANEL BRACKET FIXED

Overhead Panels Bracket Fixed

- Horizontal or overhead louvres may fit above an existing opening, or as illustrated may require a specific structural sub frame.
- Sub frames are typically aluminium or steel and usually require specific engineering details.
