

EZY Jamb[®]

STUDCO
BUILDING SYSTEMS

EZY-Jamb is a split-type Jamb manufactured from cold rolled steel to produce a strong and secure assembly. EZY-Jamb comes with perforated sides for flush jointing which produces a contemporary flush finish door jamb with clean lines and inconspicuous detail.

The unique design of EZY-Jamb combines visual appeal, strength and versatility. Enquire now for your copy of the full colour EZY-Jamb brochure.
