

# New Architecture Profiles in Western Red Cedar

WESTERN Red Cedar brings unbeatable style, surprising simplicity and incredible functionality to any project.

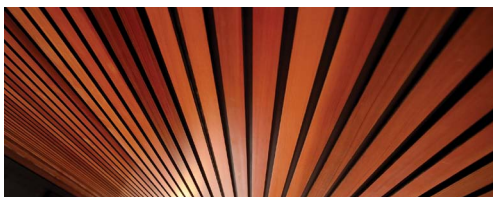

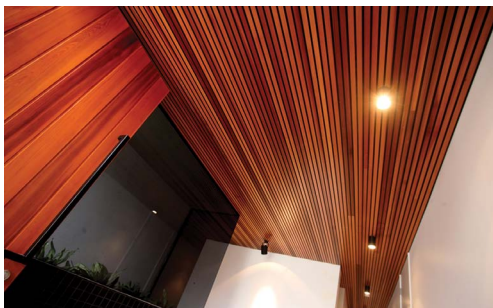

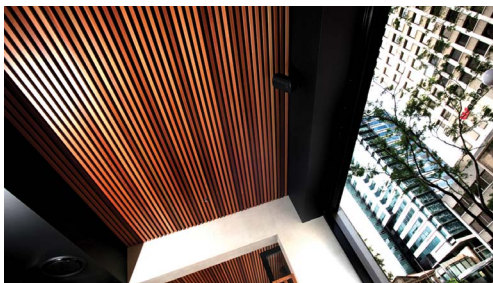

Cedar Sales profiles in Western Red Cedar are ideal for a huge variety of applications, from panelling, screening and cladding, architraves and trimmings, to windows and doors. They combine a superb look with a proven reputation for performance, endurance and low maintenance.

## The Perfect Choice for Sustainability

All Cedar Sales Western Red Cedar profiles have received the prestigious GreenTagCert™ GreenRate Level A Certification. Cedar Sales are also the first in Australia to have attained GreenTagCert™ Certified Platinum Ratings – an extremely high standard – for the majority of their profiles. In addition, all Cedar Sales Western Red Cedar has Chain of Custody PEFC or FSC® Certification.

With a hands-on approach and outstanding customer service, Cedar Sales delivers genuine solutions and value to architects, designers and builders across the country.
