

KOHLER®

MODERNLIFE™

CLEANING HAS
NEVER BEEN EASIER

THE MODERNLIFE™ BATHROOM COLLECTION

reddot design award
winner 2017

The ModernLife toilet and basin collection from KOHLER embraces modern essentialism: where striking design must also serve a purposeful function. Wasteful extravagance gives way to elegant efficiency. Clean lines provide both a pleasing aesthetic and ease of cleaning.

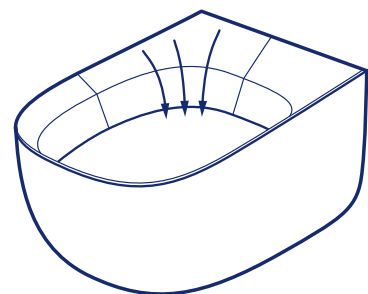

The clean design aesthetic of the ModernLife collection has the practical benefit of being much easier to clean. Something highly prized in today's busy lifestyles.

KOHLER CLEANCOAT™

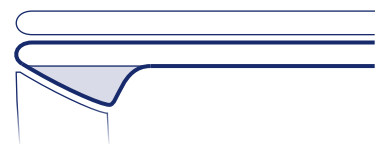

An invisible coating keeps your ceramics beautiful and stain free.

KOHLER CleanCoat™ on ceramics ensures liquids bead up rather than stay on the surface, inhibiting the growth of stains and hard water spots. This stain-resistant coating keeps the surface shiny and makes it easy to clean with water and detergent.

HYGIENE MAX KOHLER

The CleanCoat™ coated edge of the rimless bowl slants toward the interior of the bowl so excess liquid flows directly into the bowl without accumulating. And the smooth, rimless surface reduces cleaning to a simple wipe down.

The seamless simplicity of the seat was designed for an ergonomically easy, hygienic wipe down.

True rimless design

This takes rimless to the next level. Easy to clean and maintain. Germs have nowhere to hide.

HygieneMax

True rimless technology with robust water flush, ensures optimal coverage of the interior bowl.

Bevelled edge with KOHLER CleanCoat™

KOHLER CleanCoat™ is an innovative coating applied to the inward sloping, ceramic bevelled edge, to ensure excess liquid beads up and falls back into the bowl.

Vertical Quick Release™ seat

Detach the Quiet Close™ Vertical Quick Release™ toilet seat within seconds for easy and thorough cleaning.

OPTIONAL UPGRADE to Elite seat

The Elite seat has the following additional features:

Nightlight

White pin stripe LED light to provide guidance during the night.

Scent pack

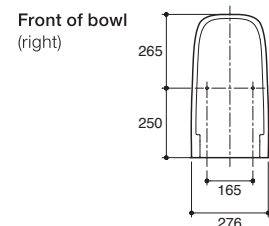

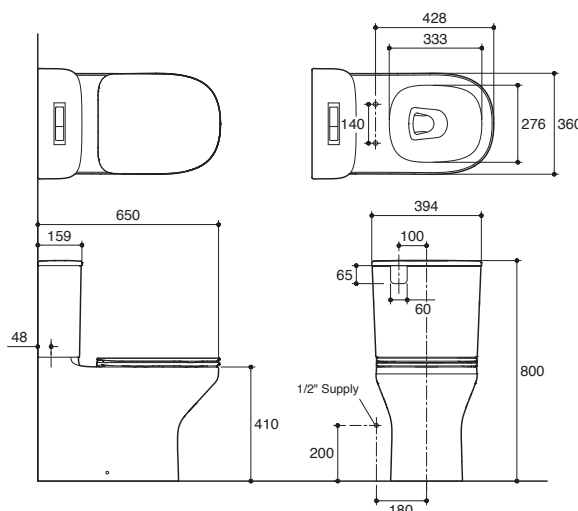

Delivers pleasing fragrance to enhance bathroom environment.

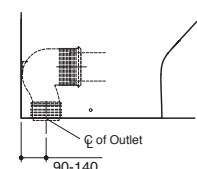

An innovative hinge design maximizes access under the seat for easy cleaning.

Rimless technology removes areas for waste to accumulate and bacteria to grow. The smooth flushing system covers all areas of the bowl minimizing the chances for waste to remain.

For S-trap Installation (below)
(The recommended dimension for installation can be adjusted according to user preferences and layout)
